8/10	FINALS BEST 2 OF 3		EVERYONE	PLAYS

Beginning **July 2**, Tyke division will be split into two groups of four (as displayed above), and will finish their season and playoffs in their respective groups.

Tyke division Regular Season finishes on **July 18th**. On **July 23rd**, round robin begins and every team will play the others once. **August 1st** is set aside in case a round robin game was cancelled. If not, it allows the coaches to practice for finals and correct players' form.

*Teams are advised that standings will be posted on the website no later than Monday, August the 5th 2024.

On **August 6th** we have a one-game knockout where first plays fourth and second plays third. The winners from these games go on to play for gold and silver. Leaving the other two teams to play for bronze.

The information from August 6th will be posted to the website no later than August 7th, meaning that on **August 8th** we start the best two out of three for the medals round.

If a third game is needed to determine the best 2 out of 3 finals, then the third game will be played back to back after the tie on **Saturday the 10th**. A time schedule for Saturday, August 10th will be emailed to the coaches and posted on the website beforehand.
